About Us:

Swastika Industrial Solutions was established in 2021. Since then, we are among the leading organisation that provides one stop solutions to any kind of your needs. We have been working in several domains such as manufacturing, maintenance services and trading for several industrial needs. Our organization manufacture electrical panels as well as instrumentation process systems, industrial sheds.

We also provide service facilities in order to maintain them and ensure long life run of the instrument s and device us deals with.

Manufacturing:

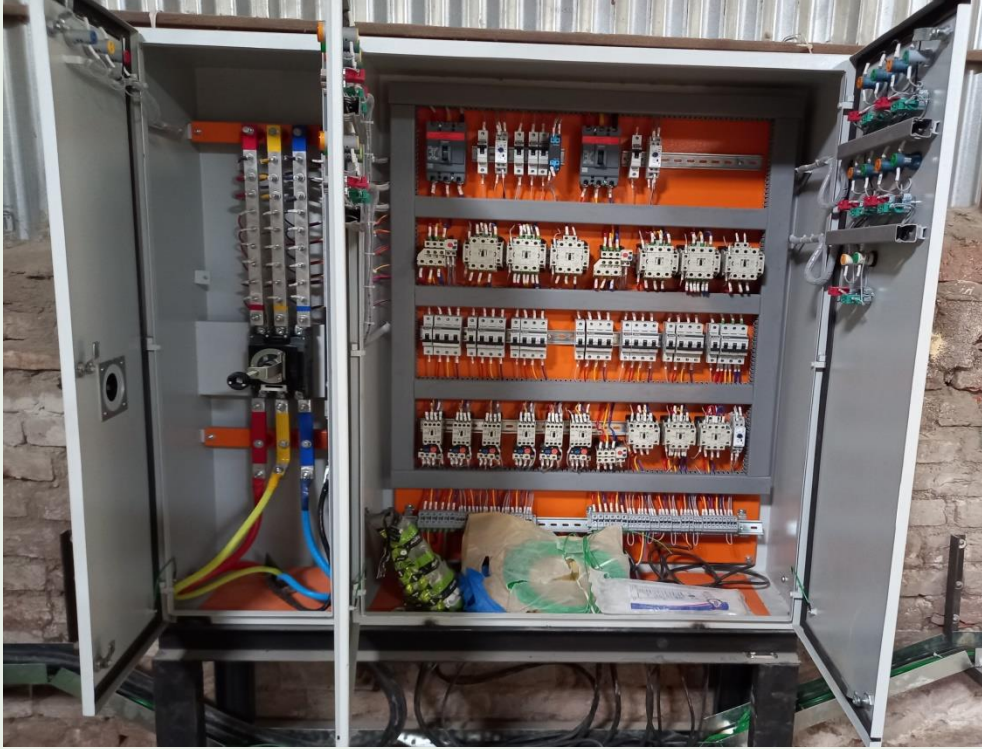

- All type of industrial electrical control & power control panel. Electrical & Automation systems. (Schneider, L&T, and Siemens).

We Deals In:

- Industrial Process Water Chiller & R.O System.
- Variable Frequency Drives (VFD) Schneider, L&T, ABB, and Siemens.
- Electrical Goods & Switchgear Items.
- Process Control Instruments.
- All Kind of Standard & Nonstandard Gaskets, O-rings.
- Air Compressor & D.G Set.
- Maintenance service of Water chillier, Air compressor, Industrial Earthing resistance of equipment (testing & repairing), Calibration of process instruments.

- Star Delta Panel

- PCC Panel & PDB Panel

- MCC Panel

- APFC Panel

- VFD, HMI & PLC Panel

- Temperature control Panel

- All Type Of Customize Panel As per Requirement.

ALL TYPE OF INDUSTRIAL GASKETS, O RINGS & SEALS.

- Spiral Wound Gasket

- PTFE Envelope Gasket

- Jacketed & Double Jacketed Gasket

- Rubber Gasket

- Graphite Rings , Packing & Sheets

- Non-asbestos Gasket & Sheets

- Gland Packing & Ropes.

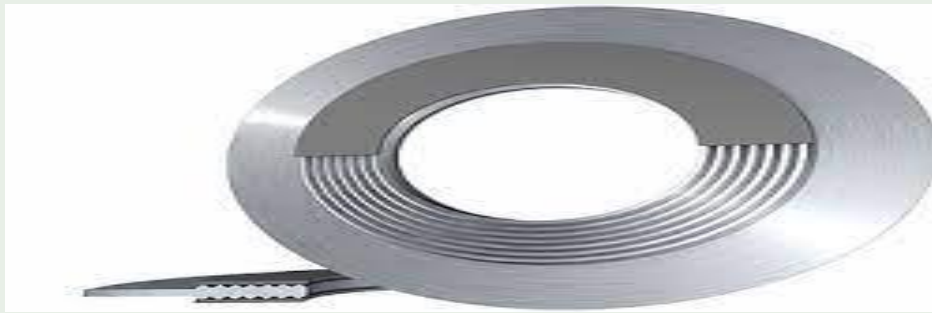

- PTFE Gaskets/Sheets & Expanded PTFE Gaskets

- Insulating Kit Gasket Set & Insulation Joints

- Cam Profile Gaskets

- Corrugated Gaskets

- Ring Type Joint Gasket

Process control instruments:

- PID controllers - Temperature controller
- RPM meter, loop power indicator,
- multi-function TIMERS, Dual Chanel process indicator controller,
- Mass flow totalizer, Batch controller, Steam flow meter, Water flow meter(Turbine base) Digital pressure gauge.
- Humidity transmitter & sensor, Pressure vacuum transmitter.

Supply & Services:

- New industrial earthing and its pit, panel earthing and earth pit resistance testing & test reports.
- Onsite and off-site highly and trusted service like calibration, validation mapping and testing of various pharmaceutical, Lab, and industrial process and measuring instruments (sensor indicator, controller pressure, temperatures, humidity, flow, level, ph., conductivity etc...)
- Industrial Process water chillier with best quality 1TR to 150TR and also maintenance service and AMC of water chillier, Air compressor (reciprocating and screw).
- Industrial fabrication is also one of our major services which include industrial sheds, building, and other fabrication facilities along with civil work.

All type of electrical Goods, switchgear &

Automation items: (L&T, Schneider, ABB, Siemens)
